E-mail: address@correspondingauthor.com

Those who intend to present a paper at the 2025 US-Japan FRC workshop are required to submit a one-page abstract. The one-page abstract should be written in English on US Letter size (8.5-inch x 11-inch) white paper. Use normal margins: 1-inch space on top, bottom, and both sides, respectively. Times New Roman or equivalent font with 12 points for the main text and single-line spacing are recommended. Symbol font can also be used.

Papers should contain original and previously unpublished work, and one-page abstracts should be sufficiently detailed in describing the aim of the work and the obtained results. Adequate references are cited [1], and some figures can also be included in the abstract.

Please name your file in the format “**LastName-FRC2025-Abstract.pdf**” (e.g., Rostoker-FRC2025-Abstract.pdf) and submit the file to FRC2025@tae.com by **Oct. 24, 2025**.

Should you have any questions, please contact FRC2025@tae.com.
